### What is a Tim Clark's Training Seminar you ask?

This will be a beginner's, intermediate and advanced level seminar which will include instruction on basic obedience, trained retrieve, introduction to electronic training devices, steadiness on game, and also tracking wounded game. There will be advanced work on backing for hunt test and NAVHDA'S Invitational. Handlers are instructed to bring their dogs so they can be used as classroom examples, particularly if they have a problem that needs to be addressed. You'll go home with a better idea of what is expected after actually doing it, not just seeing it.

The cost is \$75 for the two-day event. This will include coffee and donuts in the AM both days. Lunch is not being included but we will be breaking for lunch so bring your own.
